

MEDIAID

Compatible Oxygen Sensors

Compatible oxygen sensors that are of equal quality as those of leading original equipment manufacturers.

Fast Response Time

Choose your response time without giving up sensor life or increasing dimensions.

Superior Durability

Mediaid oxygen sensors offer the longest life and reliability in the segment.

High Performance

Designed for high performance under specific medical conditions according to medical requirements in neonatology, surgery and emergency care.

Quality

The sensors are subject to the most extensive stability testing with output in air, under 30" WC pressure and at 100% oxygen.

Warranty

The warranty is based on the 60-70% average oxygen level in normal service.

Partial List of OEM Compatibility

Drager®, Ohmeda®, Datascope®, Penlon®
